22 February 2023

Dear Parent or Carer,

RE: Year 8 HPV Vaccines

We wrote to you on 26 January 2023 regarding the HPV vaccines for Year 8 students scheduled for Thursday 30 March 2023. The immunisation team have advised response levels are low at present and they would like to offer parents and carers the opportunity to complete the consent form following extending the deadline date for completion until **midnight on Sunday 26 February 2023**.

The HPV vaccine has been offered to all students in Year 8. The evidence shows that the HPV vaccine helps to protect students from HPV related cancers. To receive the best protection, it is important that your child receives both doses, scheduled 6 to 12 months apart. Please discuss this with your child, then complete the electronic consent form using the link below. If you wish to read more information regarding the HPV vaccination, please click on the link below and click on the FAQ button.

If you would like your child in Year 8 to receive the HPV vaccination in school, please follow this link to complete the online consent form. It is important that every parent or carer completes the below link to either provide consent or decline consent.

<https://www.nhsimms.uk/HPV/information?Id=143854&Type=HPV>

The vaccinations will take place in school on Thursday 30 March 2023. Please add this date to your calendars.

The link will close at midnight on Sunday 26 February 2023. We would be grateful to receive a response at your earliest convenience.

If your child has already had the HPV vaccination please disregard this message.

If you have any problems accessing the link or you prefer to provide verbal consent, please telephone 0333 358 3397 option 2 (1, 2)

Many thanks,

Immunisation Team
